

Model WD-9403E

Feature

- Lightweight durable plastic lamps;
- Portable;
- 2 different wavelengths of UV light available;
- Simple and easy to use.

Application

For viewing electrophoresis sample of nucleic acid or spilled fluorescent dye during the running.

Specification

Dimension (WxDxH)	340 x 54x 90mm
Transmission UV Wavelength	/
Reflection UV Wavelength	254nm and 365nm
Transmission Area (LxW)	50x178mm
UV Lamp Power	6W
Weight	0.50kg
